

SPARKLE Sustainable Precision Agriculture: Research and Knowledge for Learning how to be an agri-Entrepreneur, is a project started in 2018 and will **end in December 2020**.

The **virtual final conference** of the project will take place on **Thursday, 10th and Friday, 11th December 2020**.

During the two-day event, 4 sessions will follow: Two will be dedicated to technologies, from **robotics** to projects at European level that work with **digital innovation in agriculture**, one that links **sustainable precision agriculture** with educational activities and one focusing more on the figure of the **agricultural entrepreneur**. **Registration for the event is available at this link:** <https://tinyurl.com/y4vfcx6k>

We are pleased to announce the release of our free e-Learning course "Entrepreneurship for Sustainable Precision Agriculture"

Sparkle presents itself: this is what we are doing within the European Erasmus+ programme. Watch the video!
